

Payments

Students are required to pay their tuition fee on acceptance of the offer of a place by the College.

Refunds

1. Where a student has applied directly to the College a full refund will be given if the application is declined by the College.
2. Where a student has applied through an agent or officer, a full refund less £250 will be given if the application is declined by the College.
3. External charges such as credit card commissions and bank fees will be deducted from refund amounts if they apply.
4. If an application for a student visa is rejected by the British High Commission/British Embassy because of some fault of the student whether by omission or commission, for example the failure to submit the correct documentation (as stated in CAS Statement) or provide the correct evidence of maintenance (funds) as required in the UKBA mandated form, the College will not supply another CAS number and the student will not be eligible for a refund of fees paid.
5. Where a CAS number allocated to the student by the College expires because a student has failed to apply for a student visa during its currency that shall not be grounds for a refund of any money paid by the student.
6. Where a student has been granted 30 points but has still been refused visa for any reason no refund will be given.

FUTURES COLLEGE Fee Refund Policy

-
7. In the event of a student visa being granted as a result of deception, for example as a result of presenting false documentation to the College or any agent of the College, the student forfeits a right to refund for fees paid, and may be excluded from the College.

 8. Students should note that the College does not refund tuition fees paid once the British High Commission/Embassy has granted the student a visa to study in the United Kingdom. No refund will be made to a student where the CAS number issued by the College to a student becomes obsolete because that student wishes to take up or has taken up a place at another institution.

 9. If a student decides to withdraw his application from the college no refund will be given.

 10. Any request for a change in course or deferral will be at the discretion of the College.

 11. If the college's licence has been suspended or revoked and the student has been issued with a visa no refund will be given.

 12. Should it become necessary to cancel any course all students will be offered a course at the same academic level and similar academic discipline. In these circumstances no refund will be payable.

 13. If by reason of a change in government regulations or other similar reason a student should cease to be qualified for the course of study on which he or she is enrolled then the college undertakes to provide an alternative programme for which the student is qualified. In these circumstances refunds will be at the discretion of the College and will not be offered where the alternative course offered is preparatory to the course on which the student was originally enrolled but for which he or she is no longer eligible.
